

Upcycled by Miu Miu

Upcycled by Miu Miu is a special collection of vintage dresses reworked and transformed by Miu Miu, while the memory of the originals is preserved in cloth. A strictly limited selection of just 80 one-off and numbered designs, Upcycled by Miu Miu is built around precious, anonymous finds, dating from the Thirties to the Eighties, carefully sourced from vintage clothing stores and markets worldwide.

Once restored, pieces are re-fashioned and finished with signature Miu Miu embroideries and embellishments. Each piece is entirely unique and all are completed by hand.

Re-imagined through the Miu Miu lens, the lives of garments worn and loved in the past are extended, renewed and sustained, enriching the lives of the women who will wear them by return.

Upcycled by Miu Miu dresses are available in nine selected Miu Miu boutiques worldwide: Milan, London, Paris, Moscow, New York, Shanghai, Hong Kong, Tokyo, St. Moritz.
