THE NEW SEXY!

不一定性感才是春夏吸睛之選! By Caylen

雖然「性感」在男士眼中從沒 有退流行過,但干萬別以為就只有 少布才可獲得大眾的垂青。一身以 粉調為主的衣飾除了跟春日氣氛份 外合襯,搶眼的圖案設計亦讓人看 落倍感精神。Miu Miu的復古圖案 是其中一個佳例。儘管變化談不上 多,但總可以俘虜眾人的目光。今 季就有一系列絕對高調的大款花卉 及圓形圖案作賣點,配合輕鬆的剪 裁和款式,古典卻充滿青春節拍, 以單色配件作襯托更能把花俏的圖 案提亮及平均色調的對比,性感, 在今季應該要重新演繹。

L'INSPIRATION

ne journée à la plage par beau temps. sur le littoral d'une Italie fantasmée des années 50 (photo 4). Une certaine idée de la «dolce vita» en somme. Voici l'idée proposée par la créatrice milanaise Miuccia Prada pour sa collection Miu Miu printemps-été 2017, présentée à Paris en mars dernier. Depuis son lancement, en 1992, la marque - qui fut la petite sœur de Prada avant de gagner en autonomie et de devenir indépendante cristallise l'idée d'une femme moderne. qui n'en fait souvent qu'à sa tête. Une fausse ingénue, fantaisiste, mutine et, on l'imagine, dotée d'une sacrée personnalité. La petite histoire raconte que Miuccia Prada s'est inspirée des filles rebelles de son lycée pour la modeler. Et cette collection solaire, déroulée sur 53 silhouettes, ne raconte pas autre chose. C'est, comme à son habitude, sous la rotonde du Palais d'Iéna (photo 1). édifice Art déco parisien bâti en 1937, que la créatrice a convoqué son armée d'héroïnes, incarnées par les mannequins du moment, qu'elles s'appellent Gigi Hadid, Julia Nobis ou Sara Sampaio.

COSTUMES DE BAIN TAILLE HAUTE

Et, dès le premier passage, le ton est donné: bonnet de bain piqué de grosses fleurs en plastique à la manière des nageuses synchronisées des années 50, maillot de bain deux pièces à la taille haute et aux broderies blanches et fines, jupon grand ouvert noué sur les hanches et sandales à hautes plates-formes (photos 3 et 5). L'allure, rétro et athlétique, se décline alors tour à tour sur des robes chemises aux poches plaquées. des tenues d'inspiration écolière, smockées et dotées de cols bien sages ou encore de jolis manteaux droits dissimulant des cols cheminée portés très près du corps La maille d'été s'invite quant à elle sur des tops aux bretelles croisées ou sur des shorts courts, forcément désuets. dotés de boutonnières

LE BALNÉAIRE POP DE MIU MIU

Miuccia Prada nous emmène à la plage dans une Italie fantasmée. Lignes fifties, grosses fleurs et palette sorbet: la collection printemps-été 2017 de Miu Miu fleure bon l'insouciance rétro.

> à passants. Mais ce qui attire les regards et chahute instantanément l'imagination, ce sont ces costumes de plage à la palette ensolcillée sorbet, tirant parfois sur le turquoise et mixant allégrement les imprimés pop, rappelant la signature graphique du designer italien Gio Ponti. Une jupe rouge à pois bleu marine (photo 2) se fait serviette éponge, tandis qu'un manteau sanglé ponctué de motifs à fleurs géantes évoque les peignoirs de sortie de bain des élégantes de l'après-guerre. venues profiter des rayons du soleil. À l'issue du défilé, la créatrice déclarait avoir voulu célébrer la plage et sa sémantique, se demandant, en ces temps de changement climatique: «Combien de temps pourrons-nous encore en profiter ?» On imagine sans mal cette bande de bravaches faisant l'école buissonnière, au volant de leur petite Isetta, direction la plage la plus proche. Une image qui devrait faire écho aux jeunes filles insoumises d'aujourd'hui. clientèle visée par Miuccia Prada pour cette marque, l'émancipant encore un peu plus de Prada. à l'esthétique plus cérébrale. lci. l'heure est à l'insouciance, de celle qui fait vibrer le cœur des jeunes filles en fleurs pendant l'été. Maud Gabrielson

LA BANDE-SON DU DÉFILÉ

C'est le cri des mouettes et le bruit des vagues du titre hypnotique Venus Sands de The Creatures qui accompagne les premiers pas du défilé. Le groupe de la chanteuse anglaise Siouxie Sioux (photo) et du percussionniste Budgle, fondé au début des années 80, déroule ensuite cinq morceaux folk et tripants, parfaits pour les nuits d'été prolongées au bord de l'eau. Une bande-son résolument estivale signée Frédéric Sanchez.

Met Gala 2017: Red Carpet Trends

by ELLIE PITHERS Tuesday 2 May 2017

Ellie is the fashion features editor of British Vogue

"AVANT-GARDE" was the official dress code, but numerous stars couldn't resist taking up tangential themes at the Met Gala 2017. To some, an experimental approach manifested itself in a profusion of feathers, most ravishing of which came courtesy of Prada and Versace (the latter covered the red carpet in a pandemonium of exotic parrot feathers, which made Blake Lively's train seem as though it may take flight at any moment). To others, it was an excuse to make a risqué proposal, showing off finely honed thighs with slits that aimed high, or tightly toned stomachs via cut-outs at the waist.

After the Met Gala red carpet wrapped, dinner was served, selfies were snapped, and performances were enjoyed, Katy Perry invited everyone to The Standard for an afterparty. Celebs, supermodels, and designers made it out to The Boom Boom Room in outfits that were definitely more comfortable and less costume-like than their original floor-sweeping gowns. In fact, Brie Larson and Jenna Lyons even kept it super casual in jeans. But there are always the ladies who think of a second gathering as an opportune moment to show off another good look they scooped right off the runway (Elle Fanning, we're looking at you). Emily Browning looked very serene while attending the London premiere for 'American Gods' on Thursday (April 6).

Opting for Miu Miu once again, I love how this graphic lace dress is treading the line between gothic and romantic.

The nude lining doesn't quite prevent a nip slip, however, I do love how the ornamental accessories and pink clutch livens up the look.
