## Sofia Boutella In **Prada** – ‘The Mummy’ Taiwan Premiere

From **Sydney**, the cast of ‘The Mummy’ headed to Taiwan, China on Thursday (May 25) for the films premiere.

Sofia Boutella was showcasing her softer side one again wearing a pretty lemon-hued gown from **Prada**.

Yes, **Prada**.

This is proof once again that when the mood takes them, the Italian brand can make some stunning red carpet gowns.

What I love most here is the romantic mood and the delicate floral embellished straps which drape elegantly down her back.

## Uma Thurman In **Prada** – Cannes Film Festival 70th Anniversary Celebration

If your first thought when you saw Uma Thurman's **Prada** gown on the **Cannes Film Festival** red carpet this evening was **Anne Hathaway's 2013 Oscar dress**, you're not only.

Not only do they share the same pretty pink hue, but they also share the frustrating feeling of wanting, yet failing to love it.

I mean, what is going on around the midriff?

An extra hour with a seamstress would've worked out that kink surely.

It's such a shame because had so much plenty of potential and could've been one of the stand-out looks of the night.

A pink **Prada** clutch and gold sandals completed her look.

## Stacy Martin In Prada – 2017 amfAR Gala Cannes

Stacy Martin attended the **amfAR Gala Cannes**, held on Thursday (May 25) during the **2017 Cannes Film Festival**.

For the occasion, she wore a metallic **Prada** gown with no accouterments.

At first glance, I thought how bare Stacy looked, but after taking a moment to digest her look, I absolutely love that she left all necklaces and bracelets at home, and just let her gown do the talking.

The silvery mint color is delightful, and of course that bodice-lining beading is all the jewels she needs.

I'm also a huge fan of the beauty decisions made here. The simple, slightly undone blowout is perfectly effortless, and the contrast of the dark berry lips and gold highlighted eyes are masterful with the light-colored gown.

21.05.17 PHOTOCALL, RUNWAY TO RED CARPET

## Elle Fanning In Prada – ‘How To Talk To Girls At Parties’ Cannes Film Festival Photocall

Elle Fanning was sans-Nicole Kidman for the ‘How To Talk To Girls At Parties’ photocall during the 2017 Cannes Film Festival this afternoon (May 21).

This film is set in the 70s, however, Elle was channeling 60s chic opting for a platforms and a Prada Fall 2017 shift dress featuring a seductive graphic print of women from the 60s by Robert McGinnis.

I'm not a huge fan of platforms, but there was clearly a theme for this photocall which was also adopted by her co-stars, so I'm totally onboard with the playful, fun vibe of this look.
