"In the show I play an abused woman, and I felt very exposed and deeply humiliated. I remember lying on the floor in the bathroom at the end of a difficult scene, and I wouldn't get up between takes. I was just lying there, basically naked in half-torn underwear, and Jean-Marc Vallée [the director] would come over and place a towel over me. It was very hard."

## MIU MIU EMBELLISHED HANDBAG

Miu Miu's candy pink multi-compartment handbag is the perfect play on the maximal trend that is currently dominating planet fashion and showing no sign of slowing down. Pink is a big hitter in summer's colour charts and will continue to be major news for autumn too, especially when worn with bright apple red. For the summer months though, wear it to accompany head-to-toe soft blush tones as we saw on the s/s 2017 catwalks, or use it as a single statement item to perfectly accessorise a high neck, low hemline, printed summer dress.

## *Julia Garner In Miu Miu – AOL Build Series & ‘Ozark’ New York Screening*

On the promo circuit for the new TV show, ‘Ozark,’ Julia Garner has been out and about in New York City on Thursday (July 20), first stopping by the ‘AOL Build Series’ before attending the screening.

**‘AOL Build Series’:** The up-and-coming starlet played to the quirky, youthful spirit of the Miu Miu label with this patterned frock, further enhancing its vintage-inspired appeal in her embellished Mary Jane shoes. A crimson-red lip and blonde curls increased the precious, doll-like quality of the look.

**‘Ozark’ New York Screening:** With another Miu Miu outing, Julia didn’t shy away from the twee factor in this Fall 2017 collection dress. I’m sure many will see a shrunken, schoolgirl uniform influence in this bow-accented, plaid frock that she topped off with an embellished headband and the same Mary Janes—only increasing the youthful, twee mood.

Aubrey Plaza indossa un abito [Miu Miu](#) in jacquard rosa con stampa a motivo floreale

Già in passato si era fatta notare per i suoi outfit. Quest'inverno, infatti, in occasione dell'**Independent Spirit Awards**, a Santa Monica, ha sfoggiato un abito black&white firmato Versace. Anche il pantalone le dona. Al **Television Critics Association's 2017 Winter Press Tour** invece si è presentata con una jumpsuit verde oliva. Una scelta azzeccata che ha messo in risalto la sua silhouette. Ebbene sì, oltre a regalare grasse risate la Plaza è in grado di sorprendere sfoggiando il suo lato più seducente.
