## **Miu Miu Musings Podcasts**

A new incarnation of the Miu Miu Musings talks salons is launched via three podcasts featuring energetic lunch debates hosted by Penny Martin and an all-female Miu Miu Musings team.

The handsome Victorian dining halls of Skye Gynge's Spring restaurant in London, the storied Beatrice Inn run by Angie Mar in New York, and a Beijing residency from May Chow's Little Bao all set the stage for friendly battles of wits and in-depth discussion over lunch.

Speakers Rosey Chan, Lauren Collins, Charlotte Cotton, Ann Friedman, Alice Rawsthorn and Aminatou Sow challenged guests including Dina Asher-Smith, Kimberley Drew, Hailey Gates, Stella Bugbee, Dr Anastasia Dedyukhina, Bella Freud, Leaf Greener, Veronika Heilbrunner, Hung Huang, Susie Lau, Lucia Liu, Cate LeBon, Jenn Nkiru, Tessa Thompson, Russell Tovey, Rita Wang, Kirsty Wark and Kate Young with motions "*This House Believes It's Time to Break Up with Our Phones*", "*This House Believes We Need to Stop Taking Photographs*" and "*This House Believes There Is Nothing Original Under the Sun.*" After provocative research and instructive take-away tips had been shared, each debate concluded with a decisive and sometimes controversial vote.

Proceedings were recorded for the new Miu Miu Musings podcasts, which may be enjoyed at Apple podcasts or via the podcast provider of choice.
